Connecting the Stargates: The Ancient Wisdom / New Vision

Join us this November as we journey to the sacred land of the Nile. If you have been drawn to the magic of Egypt, now is the time to experience it. We begin with the temple of Isis at Philae, the most famous initiation center and healing temple of ancient times. Philae served as the model for the "priestesses of Avalon" in ancient Glastonbury, as the cult of Isis spread throughout the known world. We will spend quality time in Luxor, the feminine heart of ancient Egypt. Here, we visit the temples of Luxor and Karnak; as well as, the temples of Hatshepsut, Hathor at Dendera and Osiris at Abydos. These ancient centers of healing and esoteric wisdom held the keys for activating the Light Body. By working within these vortices of light, we have access to our own inner hall of records. Walking in the footsteps of the adepts, we complete our initiation at The Great Pyramid of Giza and the Sphinx.
